CONFERENCE THEMES

- Curriculum and Pedagogy: The conference will evaluate the feasibility of the policy's recommendations for curriculum reform and pedagogical innovation in secondary education and HEIs.
- Assessment and Evaluation: The Conference will discuss the policy's proposals for assessment and evaluation reforms in primary, secondary and higher education.
- Equity and inclusion: Another significant theme of the conference is to examine the policy's focus on equity and inclusion in educational institutions.
- Professional Education: The transformative approach of NEP aims to cultivate a new generation of legal professionals equipped for an inclusive, equitable and sustainable future. Hence, the implications of the policy on legal education are a significant focus area of the seminar.
